Great game - one issue by nathaniel lewis on 2021/09/19 02:08 This is a great game, the puzzles are challenging, and the controls are very clean. My only problem is that when playing through the puzzles you occasionally need to hit a certain combination of tiles to continue. The problem is that those combos vary from level to level depending on your progress, so I end up having to restart my phone if i want to get back into the puzzle where I left off. A little frustrating, but still a great game.",

Fun but.. by The redhead cat on 2021/11/24 00:04 I love this game but the only thing is that ads keep popping up when you're just trying to play. I have a iPad so it's not a small screen and I know it's not my WiFi because all other games don't have that problem. It keeps happening when I'm in the middle of playing, which makes me lose and I just hate that part about it.",

Noooooo by Binkybunnykitty2021 on 2021/11/02 15:06 There is wayyyy too many ads in this game. It is so frustrating. I lose my lives because of all the ads. I spend money to get better equipment and try to get more lives but then the app glitches and logs me out. Then I am stuck with only a couple of lives left. Then when I go back on the app, it deletes half of my stuff that I worked hard to get, like levels that took me hours and days to complete. I would not recommend this game to anyone.",

Boring by tommissausage on 2021/10/31 12:19 With over six hundred levels of play, this game should get a lot more attention. Donâ€™t get me wrong, the graphics are good and the gameplay is engaging, but itâ€™s just so bland and uninspiring. Itâ€™s like a run of the mill jigsaw puzzle with puzzles youâ€™ve seen before. It also never lets up with adds and very little feedback when you successfully complete a game level. There should have been some form of ending criteria as well as feedback on your performance in game mode. Simply put: itâ€™s just boring.",

Coin master is an online only slot machine-style game which can be played anywhere

in the world as long as you have an internet connection. The aim of the game is to earn new coins while playing mini games such as "slide or splat", "tap the fish", or "striped fish swim". These games are short, only lasting 20 seconds on average. The purpose of each game is to collect as many gold coins and gems which are the two main currencies in the game. The coins you collect may be used to spin the wheel when you have a "wheel spin", and the gems may be exchanged for clothes, backgrounds, or other items such as achievement badges which contribute to your level. There are also very small amounts of other currencies in the game such as diamonds, but there is no use for these at all.",
